YOUR ELECTRIC VEHICLE
BEGINS WITH *URBEE IV*

URBEE
Happy Together

INNOVATION IS THE FUTURE

HIGH PERFORMANCE, SATISFACTION
URBEE, with its easy handling, comfortable ride, fulfills the consumer's driving needs

ZERO POLLUTION, LOW COST
Designed and built to eliminate environmental pollution of gasoline vehicles, and powered by electric energy greatly reduced the consumer's driving costs

COMPACT POWER
ZAP Jonway URBEE, with its versatile design, produced an attractive compact body frame, but enables easy maneuverability and access to parking, thus providing significant space saving contribution to public areas

FLEXIBLE, EFFECTIVE
With its unique panoramic view featured in its windshields and windows, this EV is particularly suited for sightseeing, and recreational usage (eg., Golf), as well as contributing to community services serving as safety and security vehicles

MODERN, UPBEAT
ZAP Jonway URBEE, with its stylish, avant-garde fashionable trends, allow consumers of all ages ~ young adults to senior citizens ~ to enjoy this attention getting vehicle wherever it goes, in urban, suburban or country settings

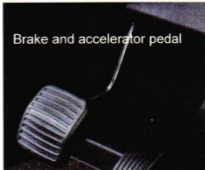

Traditional headlight

LED Tail light placed at rear trunk for safe driving

Fast charging interface

Brake and accelerator pedal
